Parents, the Hamilton Junior Water Polo League is for boys and girls 9 -13 years of age who want to use their swimming skills while having fun playing an exciting game. We hope your child will have fun this session. Water polo is perfect for boys and girls who want to participate in a team sport for fun and fitness and friendships. Along the way, we try to teach them the fundamental skills they require to truly enjoy the game. When they graduate from our program, it is up to them to decide if competitive water polo or recreational water polo best suits their interest. Remember, Hamilton Aquatic Water Polo Club offers programs at recreational and competitive levels.

If you have any questions about the program or concerns at any time, do not hesitate to talk to us poolside or via email. Remember to check the website regularly for information about our Club and for news, for updates and for special events information.
